BLE

Mounting Kit
for Metal

Accessory for ESMART® Reader BLE NEO series.
Suitable for installing readers on or near metal surfaces.

Read Range

Installing the reader on or near metal **significantly reduces** reading range.
Tape the special Mounting Kit on the surface for optimal read performance.

Mounting Kit is made of special material **ferrite** and restores **up to 70%** reading range from the original.

Mounting

The mounting kit is **device-shaped**, with all holes cut out.
On the reverse side it has an **adhesive surface** for easy tape in place.

Material thickness

The set includes two stickers of 0.04 in (1 mm) thickness.
It is recommended to **use both** for best reading range results.
